Santa Monica, CA - July 21, 2004 - Activision, Inc. (Nasdaq: ATVI) today announced financial results for the first fiscal quarter ended June 30, 2004.

Net revenues were \$211.3 million as compared to net revenues of \$158.7 million reported for the first quarter last fiscal year. Net income for the first fiscal quarter was \$12.0 million, an increase of \$7.8 million, as compared with net income of \$4.2 million for the previous first quarter. Earnings per diluted share were \$0.08, an increase of \$0.05, as compared with \$0.03 per diluted share reported for the same period last year.

Robert A. Kotick, Chairman and CEO of Activision, stated, "In addition to delivering record net revenues for the first quarter, we also significantly increased our earnings. Both Shrek 2(TM) and Spider-Man 2(TM) were top-selling titles, and as of today, the two titles combined have shipped more than five million units. In the past nine months, all five games created by our internal development studios have each shipped more than one million units, with three shipping more than three million units."

Kotick continued, "Our focus on big propositions is yielding superb results and we intend to continue leveraging our increasing portfolio of franchises. For the balance of this year and next year, our production strategy centers around developing games based on proven, predictable brands. This strategy should enable us to grow our revenues, earnings and operating margin, and increase our return on invested capital as we have over the past few years. As we look toward the future, Activision will also selectively develop groundbreaking original content, as we did last year with the introductions of True Crime: Streets of L.A.(TM) and Call of Duty(TM)."

Business Highlights

Activision's results were driven by strong global consumer response to its products across all platforms. During the quarter, the company released Shrek 2(TM) and Spider-Man 2(TM) for the PlayStation(R) 2 computer entertainment system, Xbox(R) video game system, Nintendo(R) GameCube(TM), Nintendo Game Boy(R) Advance and the PC and True Crime: Streets of L.A.(TM) for the PC.

Other highlights include:
