Developed by Vicarious Visions, Future Tense brings an extra layer of difficulty to **Crash Bandicoot 3: Warped's** Future world, as players dodge rockets, destroy robots and leap over lasers while ascending a massive futuristic skyscraper. This brand-new level pays homage to the unreleased Waterfall level from the original **Crash Bandicoot** game. Soon franchise fans (and speed runners) will have something BRAND WUMPING NEW in **Crash Bandicoot N. Sane Trilogy** that will challenge even the most skillful **Crash** players.

Additionally, in Future Tense, Crash and Coco will take on some familiar enemies and hazards in new and fun ways. Players will love playing the heart-racing, high-climbing level repeatedly to explore hidden areas and experience unexpected moments, including a challenging Death Route. Future Tense will be accessible via a new platform in the Warp Room of **Crash Bandicoot 3: Warped**, and playable at any point in the game's progression.

On June 29, Future Tense, a new level made especially for the **Crash Bandicoot N. Sane Trilogy** will give fans another reason to play the game on Xbox, PlayStation, Nintendo Switch and/or Steam all summer long. “Adding a new level to **Crash Bandicoot N. Sane Trilogy** was something we always wanted to do, and introducing Future Tense allows us to give all **Crash** players something new to play just in time for the multi-platform release,” said Jennifer Oneal, Studio Head at Vicarious Visions.

“We hope Future Tense will allow players to re-experience that feeling from the good ‘ol days when they first cracked open a **Crash Bandicoot** game and had to figure out how to get past a brand-new challenge, or find that one last crate,” added Future Tense level designers Ben Dorsey and Stephen Ivanauskas. “And frankly, **Crash Bandicoot** levels are fun to make!”

In addition to Future Tense's arrival to the **Crash Bandicoot N. Sane Trilogy**, fans on new platforms will also receive Stormy Ascent as a bonus level starting June 29th. Existing **Crash Bandicoot N. Sane Trilogy** owners on PlayStation®4 can download Stormy Ascent starting on June 15, 2018, as a bonus level at no additional charge from the PlayStation Store. Released last year on PlayStation®4, Stormy Ascent is the notoriously difficult, unfinished level from the original **Crash Bandicoot** game, finished and remastered to challenge the most hardened of **Crash** fans!

The world's favorite marsupial will SPIN his way to new players on Nintendo Switch, Xbox One and Steam on June 29, 2018, marking the first time that the original three games – **Crash Bandicoot™**, **Crash Bandicoot™2: Cortex Strikes Back**, and **Crash Bandicoot3: Warped** – will be playable on these platforms. The **Crash Bandicoot N. Sane Trilogy** is available now on PlayStation®4 for the suggested retail price of \$39.99. Existing **Crash Bandicoot N.
