Launching today is *Sekiro™: Shadows Die Twice*, an action-adventure videogame with RPG elements. In the game, players are the “one-armed wolf,” a disgraced and disfigured warrior rescued from the brink of death. Death becomes an ally and enemy as fans come face-to-face with larger than life foes; unleash an arsenal of deadly prosthetic tools and powerful ninja abilities, to blend stealth, vertical traversal, and visceral head-to-head combat in a bloody confrontation. Players will discover an all-new gaming experience in [Sekiro: Shadows Die Twice](#) as they take on the role of the “one-armed wolf.” As the game’s sole protagonist, the wolf is willed to obey and protect by using his newly acquired shinobi prosthetic arm to restore his honor, rescue his master known as The Divine Heir, and exact revenge on his enemy at all costs. *Sekiro:*

Shadows Die Twice offers reward-based exploration as players uncover new items, meet new characters, encounter hidden challenges, and learn more about the rich lore within the game – all taking place across a detailed world filled with beautiful vistas, unique weaponry, and larger-than-life foes.

“*Sekiro: Shadows Die Twice* is a game set in Japan’s Sengoku era and portrays the great battle faced by a lone, one-armed shinobi. Withered and ruined landscapes combined with a vibrant color palette make for a game world that is true to the FromSoftware style, in which the player is always one step away from death. It is our hope that new and old fans alike will enjoy our shinobi’s journey; rich with intense and dynamic combat,” said Hidetaka Miyazaki, President of FromSoftware and Director of *Sekiro: Shadows Die Twice*.

Published by Activision*, a wholly owned subsidiary of Activision Blizzard, Inc. (NASDAQ: ATVI), *Sekiro: Shadows Die Twice* keeps true to FromSoftware’s legacy of challenging yet rewarding gameplay, and offers unique combat that emphasizes patience, technique and creativity. Players will learn to embrace the posture system, which focuses on deflecting attacks, while simultaneously being defensive and aggressive. Resurrection gives the opportunity for either tactical retreat or enemy deception to go on the counter-offensive. The shinobi prosthetic, which can be outfitted with a variety of attachments such as the grappling hook, loaded axe, and flame vent, brings an entirely new dimension to the gameplay as it enables players to exploit enemy weaknesses.

Sekiro: Shadows Die Twice is available for the suggested retail price of \$59.99. For more information, please visit www.SekiroTheGame.com and follow [@SekiroTheGame](https://twitter.com/SekiroTheGame) on Twitter, Instagram, and Facebook.
