High-fidelity atmospheric will be added to the next-gen upgrade for *Tony Hawk's Pro Skater 1 and 2*. This unique graphical feature will allow players to enjoy the experience of sharper dynamic shadows, reflections and lens flares, as well as enhanced skater textures and more on next-gen consoles.

Digital players can upgrade to the Cross-Gen Deluxe Bundle with all the added features for an additional \$10 SRP. Getting to this milestone was no skate in the park. Skateboard icon Tony Hawk requested the help of videogame icon Crash Bandicoot to bring the remaster to new platforms, following the announcement that *Crash Bandicoot 4: It's About Time* would be coming to next-gen platforms and Nintendo Switch™ on March 12. Crash, whose Bandicoot-branded swag appeared in *Tony Hawk's Pro Skater 1 and 2* this past November, leveraged his clout in exchange for a personal skating lesson from the original birdman himself, resulting in playful [Twitter banter](#) between the two videogame icons.
