IRVINE, Calif.--(BUSINESS WIRE)--Today at BlizzCon 2023, Blizzard Entertainment announced *The Worldsoul Saga™*, featuring three separate expansions for the critically acclaimed massively multiplayer online game *World of Warcraft®*. Players will begin their adventure deep beneath the surface in the *World of Warcraft: The War Within™* expansion, slated for release in 2024. *World of Warcraft: Midnight™* and *World of Warcraft: The Last Titan™* will round out a three-part saga that calls players home to save Azeroth.

"Beginning with *The War Within*, *The Worldsoul Saga™* is grown from the seeds of what captured the hearts of players around the world when they first set foot in Azeroth," said *World of Warcraft* executive producer Holly Longdale. "For veteran players, the last 20 years have led to this, and for those who have never set foot in Azeroth, this is a whole new adventure."

"*The War Within*, *Midnight*, and *The Last Titan* encompass one of the most ambitious creative endeavors ever attempted for *World of Warcraft*, designed as standalone narratives that feed into an overall story arc," said *World of Warcraft* general manager John Hight. "Alongside these epic adventures, the ongoing quality-of-life feature updates players have come to expect from us since *Dragonflight* will continue in *The War Within*, further setting us up for the next 20 years and beyond."

"As we begin a new era at Blizzard Entertainment, I am inspired by the *World of Warcraft* teams' passion for players and their expansive vision for the future of their storytelling," said president of Blizzard Entertainment Mike Ybarra. "The legacy of *World of Warcraft* spans generations, and the beginning of *The Worldsoul Saga* is the perfect time for anyone who has memories of this legendary universe to celebrate, rediscover, and come home to Azeroth."

The War Within begins with an ancient civilization rising to power deep beneath the surface of the planet, as heroes of both the Alliance and Horde alike are bombarded with visions—some are of the Light, while others see an alternate, darker fate.

World of Warcraft: The War Within Features

While players embark on the first chapter of *The Worldsoul Saga* and journey to a new **level cap of 80**, they will encounter new zones, dungeons, and raids, and more:

- **Explore the new continent of Khaz Algar:** Off the western shores of Kalimdor lies **The Isle of Dorn**, a new hub for both the Horde and Alliance. Begin to explore what dwells beneath the surface in the lava-fuelled forge of **The Ringing Deeps**, the lush **Hallowfall**, and the pinnacle of Nerubian society, **Azj-Kahet**.
- **New Playable Allied Race – the Earthen:** Players will meet and unlock this Titan-forged race who have made Khaz Algar their home, with their own unique civilization and culture.
- **Expand your Warcraft fantasy with Hero Talents:** A new level of class specialization customization, Hero Talents are modelled after well-known archetypes from the Warcraft universe, including Dark Ranger, Farseer, and more.
- **Delves:** New bite-size adventures seamlessly integrated into the world, which flexibly scale to support 1-5 players, and offer meaningful progression.
- **Warbands:** A quality-of-life feature for players with multiple characters, Warbands allow banks, reputations, transmogs, and more to be shared across all player characters.
